4. Name of signatory:	<b><u>Jill Leonetti</u></b>
5. Title of signatory:	<b><u>Treasurer</u></b>
6. Certification:	

I, Jill Leonetti, certify that I am an officer of Consumer Cellular, Inc , being its Treasurer, (the company named above, herein referred to as "the company"), and acting as an agent of the company, that I have personal knowledge that the company has established operating procedures that are adequate to ensure compliance with the Commission's CPNI rules. See 47 C.F.R. S: 64.2001 et seq., which is a subpart to implement **section 222 of the Communications Act of 1934 as amended, 47 U.S.C. 222.**

Attached to this certification is an accompanying statement explaining how the company's procedures ensure that the company is in compliance with the requirements set forth in section 64.2001 et seq. of the Commission's rules.

The company **has not taken any actions** (i.e. proceedings instituted or petitions filed by a company at either state commissions, the court system, or at the Commission against data brokers) against data brokers in the past year.

The company **has received no customer complaints** in the past year concerning the unauthorized release of CPNI.

The company represents and warrants that the above certification is consistent with 47 C.F.R. § 1.17 which requires truthful and accurate statements to the Commission. The company also acknowledges that false statements and misrepresentations to the Commission are punishable under Title 18 of the U.S. Code and may subject it to enforcement action.

### Attached Accompanying Statement Explaining CPNI Procedures

The following are the measures put in place by the carrier (herein referred to as "the company") to protect CPNI from pretexting. The company understands that the three common types of "pretexting" are **identity theft, selling personal data for profit without authorization by the owner or using some other method for snooping for information whose release was not authorized by the owner of the information.**

- I. Pretexting via identify theft
  - (A). Identify theft via theft of physical hardware containing CPNI Data  
**Guarding Measures:**  
**The company utilizes physical security such as locks and security surveillance to protect physical hardware and limits physical access to authorized personnel. Portable hardware such as laptops have security features that provide additional security, and CPNI data is not stored on computers or laptops.**
  - (B). Identify theft via hacking/virtual intrusion of systems that carry CPNI  
**Guarding Measures:**  
**The company utilizes security software to detect and prevent unauthorized access via hacking and other virtual methods.**
- II. Pretexting via some other method for snooping for information whose release was not authorized by the owner.
  - (A). Snooping via social engineering/ impersonation/ false identification  
**Guarding Measures:**  
**The company's customer service personnel (the individuals most likely to be the targets of social engineering) have specific policies that they must follow to identify that they are in contact with the owner of the CPNI data prior to discussing or revealing CPNI.**
  - (B). Snooping by personnel not authorized to access data  
**Guarding Measures:**  
**The company limits access of CPNI to authorized personnel only.**
- III. Pretexting by selling CPNI for profit without authorization by the owner
  - (A). Selling CPNI data by the company with other companies  
**Guarding Measures:**  
**The company does not share CPNI data with other companies for marketing/profit purposes.**
  - (B). Sharing CPNI data for profit/marketing purposes by the company with sister companies, subsidiaries, parent companies or joint venture entities.  
**Guarding Measures:**  
**Not Applicable**
